

GRAND HOTEL PLOVDIV

Dear Partners,

With the present letter we would like to inform you that from 17-th of April 2016 "Novotel Plovdiv" hotel will change its name to **GRAND HOTEL PLOVDIV**. The name of our company – "Synergon hotels" JSC, remains the same.

After so many years of operating on the market under the brand of "Novotel", we have decided to leave ACCOR family. We strongly believe that we will continue our successful development on our own. We remain the same effective team of professionals, now even more motivated to conquer new horizons.

The change in the name of the hotel will set a new beginning in our history and will give us the possibility to grow. You, as our partners, have always been by our side. We deeply hope that from now on we will continue our partnership and we will have the opportunity to accomplish many common projects in the future.
