

# TRACKER FREEDOM®

PATENT PENDING

## INTRODUCING WIRELESS COMPUTERIZED FUNCTIONAL TESTING AND TRACKER VERSION 5 SOFTWARE

MM001-C

### More Advanced Technology

Tracker Freedom from JTECH Medical uses wireless technology that is light years ahead and makes other systems obsolete. Tracker Freedom technology gives you features like frequency hopping, two-way communications, and electronic signatures to ensure the accuracy and reliability of the data you collect.

### More Powerful Software

Tracker Version 5 Software gives you capabilities the other systems only dream about. Tracker Version 5's intuitive user interface makes testing and documentation easier, faster and more complete. Tracker Version 5 features include our exclusive multimedia help system, automatic test sequence recall, physical and neurological evaluation section, custom tests and much more.

### Current User Upgrades

Upgrading your Tracker System to wireless is easier and costs less than you expect. Keeping your Tracker system from becoming obsolete is just part of our industry-leading commitment to customer service.

## TRACKER FREEDOM® WIRELESS TECHNOLOGY

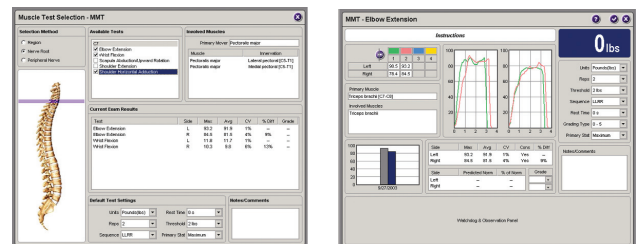

- ▶ Test anywhere within 30 feet from computer
- ▶ Frequency hopping to avoid interference
- ▶ Rechargeable batteries
- ▶ Two-way communications to ensure data accuracy
- ▶ No wire between inclinometers
- ▶ Next/Enter footswitch allows you to advance through tests and collect data without returning to the computer
- ▶ USB receiver connection
- ▶ Real-time data transfer

Wireless IsoTrack also available

## TRACKER VERSION 5™ SOFTWARE

- ▶ Simplified report writing for narratives, data charts and forms
- ▶ Intuitive user interface for easy navigation and test selection
- ▶ Automatic test sequence recall for quick repeat testing and progress tracking
- ▶ Comprehensive physical and neurological evaluation section for documenting deep tendon reflexes, dermatomes, orthopedic tests and more
- ▶ Intake section for in-depth injury and medical history documentation
- ▶ Built-in multimedia help system
- ▶ Test summary section for convenient review and interpretation of data
- ▶ Enhanced database management system
- ▶ Expanded notes sections for every test
- ▶ Custom test creation for every instrumented module
- ▶ More flexibility to test the way you want

Together Tracker Freedom and Tracker Version 5 Software give you the most technologically advanced wireless functional testing and evidence-based documentation system ever created!
