What is jul?

WHAT IS "JUL"?

"Jul" is the Scandinavian word for Christmas, and up here it is one of the most popular words in the vocabulary. Because in Scandinavia "Jul" is not just a single evening of gift exchanges, it is a whole season of having a good time. It is that part of the year when you go out of your way to make others feel happy and loved.

You dress up your home, and yourself, to get in the right mood. You set dinner tables with your heart and spend hours enjoying the food and the company. You listen to merry music, dance around the tree and sing along. You kiss under the mistletoe - and you give gifts. Gifts that will be appreciated, and gifts that make the receiver feel loved.

Since 1904 Georg Jensen has been recognised as one of the leading exponents of timeless Scandinavian design and unparalleled craftsmanship. And since 1904 Georg Jensen has been synonymous with gifts that will be treasured for a lifetime.

FUSION COLLECTION

Fusion is designed by Nina Koppel. She studied textile design at Kunsthåndværkerskolen - Denmark's School of Arts and Crafts. She graduated in 1966 and that same year established her own workshop. She began her collaboration with Georg Jensen in the 1980's. What made the Fusion ring stand out was the ability of the wearer to design it according to their tastes-red gold, yellow gold and white gold, with or without diamonds could be put together in any combination.
